RE: Robert W. SHAW

Dear [REDACTED]

This office has been advised that captioned employee of ICA has been selected to attend EDIC and working group meetings during the year as required.

At the time of his employment Mr. Shaw was the subject of a full field FBI investigation and on May 2, 1952 was certified as to security and loyalty by the Mutual Security Agency. He has access to classified information up to and including Top Secret with this agency. Security clearance is therefore given for his attendance at the above-mentioned meetings.

Very truly yours,

William M. Kelly
